Going to a Missouri River Relief Cleanup

I am going to Missouri River Relief to see the Missouri River!

I can stay calm and be safe. I will stay with the adult I came with. When I need something, I will tell an adult who can help me.

I can work to earn a Missouri River Explorer Badge by:

- Exploring the MO River
- Learning about the MO River
- Protecting the MO River

If I stay safe, I will get to go on a boat!

First, I put on my life jacket, then I will get on the boat. I might feel excited or nervous on the boat, but I will be safe!

I will listen. I will sit on my bottom and keep my hands in the boat. I will keep my life jacket on. When I get off the boat I can help clean up!

Look at all this trash! I wonder, what trash will I find?

After the cleanup, we boat back to lunch. Missouri River Relief has sandwiches and chips. Then we have activities like painting, reading, and the trash contest!

Then it’s time to go home. I had so much fun being by the Missouri River!

See you on the River!
